

10 Ways to Reduce Waste

- ★ Recycle aluminum cans, paper products, plastic and glass through your local waste management agency.
- ★ Avoid heavily packaged products when choosing consumer goods.
- ★ Use green cleaning products in your home.
- ★ Use real dishes and cutlery instead of disposable dishes.
- ★ Refurbish old furniture instead of buying new furniture.
- ★ Use organic materials for composting, such as coffee grounds and expired produce.
- ★ Make a “zero waste lunch” by using a reusable lunch box, baggies and napkins.
- ★ Recycle electronics and other household hazardous wastes. Call your local waste management agency about pick-up days for toxic materials or appliances.
- ★ Find creative ways to reuse packaging materials.
- ★ Use recyclable bags when shopping.
